DETAILED ACTION

Allowable Subject Matter

Claims 1-7 & 9-11 are allowed.

The following is an examiner's statement of reasons for allowance:

With respect to claim 1, while prior art does teach some of the material included in the claim, it does not teach the combination comprising the brake element with its trailing end resting on a stop face that is fixed to a yoke part of a stator in order to attain a self-clamping of the brake element.

Claims 2-7 & 9-11 are dependent upon the above claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. US 5444317
